Training Bundles Datasheet

Help your team accelerate value with training bundles curated to deliver specific recommendations

Training bundles designed to accelerate time to value

Our training bundles provide specific recommendations and courses to build a team of experts to position you for success. Below is a snapshot of the different training bundles:

Blended: learning Bundle options: a combination of self-paced (digital learning) and in-person (classroom) classes, for delivery flexibility and budget reach. Enable your learners to choose which works best for themselves.

Digital: learning Bundle options: 100% self-paced, online learning courses via Now Learning portal. This is the most cost-effective option to training a larger Core team – making your budgets stretch further

In Person: learning Bundle options: 100% live instructor training, either in the classroom or via our virtual instructor-led, public training offerings.

"It's critical for everyone to have the right knowledge, whether they're a developer, administrator, business analyst, or team leader."

Trisha Johnson, Associate Director, Service Strategy, Solutions and Development at Becton Dickinson

Year 1 (ServiceNow guidance for Core team skills and roles in 1st year)
